

Royal Grass Puzzle

...to keep it simple

Royal Grass Puzzle is a revolutionary tile with an artificial grass surface on top. Great for general outdoor and indoor use. Easily installed at a paved courtyard, wood deck, balcony or rooftop terrace. It is a great way to add some character and class, while also being functional.

The tiles are developed with a puzzle form. This form makes sure the tiles stay in place; it was never so easy to install artificial grass. Everybody can do it! Each puzzle tile slots together to create a seamless floor within minutes. Royal Grass Puzzle can be laid directly on top of the flooring and can be easily self-trimmed to fit the area.

Royal Grass Puzzle has an engineered foam base for comfort and a natural feel. It is provided with a full grass system, made of a combination of polyethylene monofilament for its soft feel and texturized nylon rootzone to further enhance its realistic appearance. Royal Grass Puzzle come so close to the feel of natural grass.

It is a light weight construction, therefore very suitable for balconies or roof terraces. But also a garden, playground or any other outdoor location will brighten up with Royal Grass Puzzle; a multi purpose solution, suitable for all weather circumstances.
